

**Mekonomen
Company**

CUSTOMER QUOTES

”Det kan omöjligen finnas en enda själ som tycker att det känns som ett bra sätt att jobba på.

Det går inte att jobba på detta vis, FIXA SKITEN. TACK.”

” Kan någon bara ta å fixa skiten, ta bort appjäveln så det åtminstone slipper kännas pinsamt”

”Blir konstant utloggad och det tar en jävla tid å logga in med den där piss appen.”

MEKONOMEN COMPANY

It's the swedish company that holds over 14 brands with connections to workshop- and automotive industry, amongst the brands Mekonomen, MECA, Speedy, MekoPartner och ProMeister.

The majority of workhops is private owned companies. Mekonomen Company only owns about 30 workshops.

Scaling Success: Managing One of Europe's
Largest Business Central Implementations

Introduction

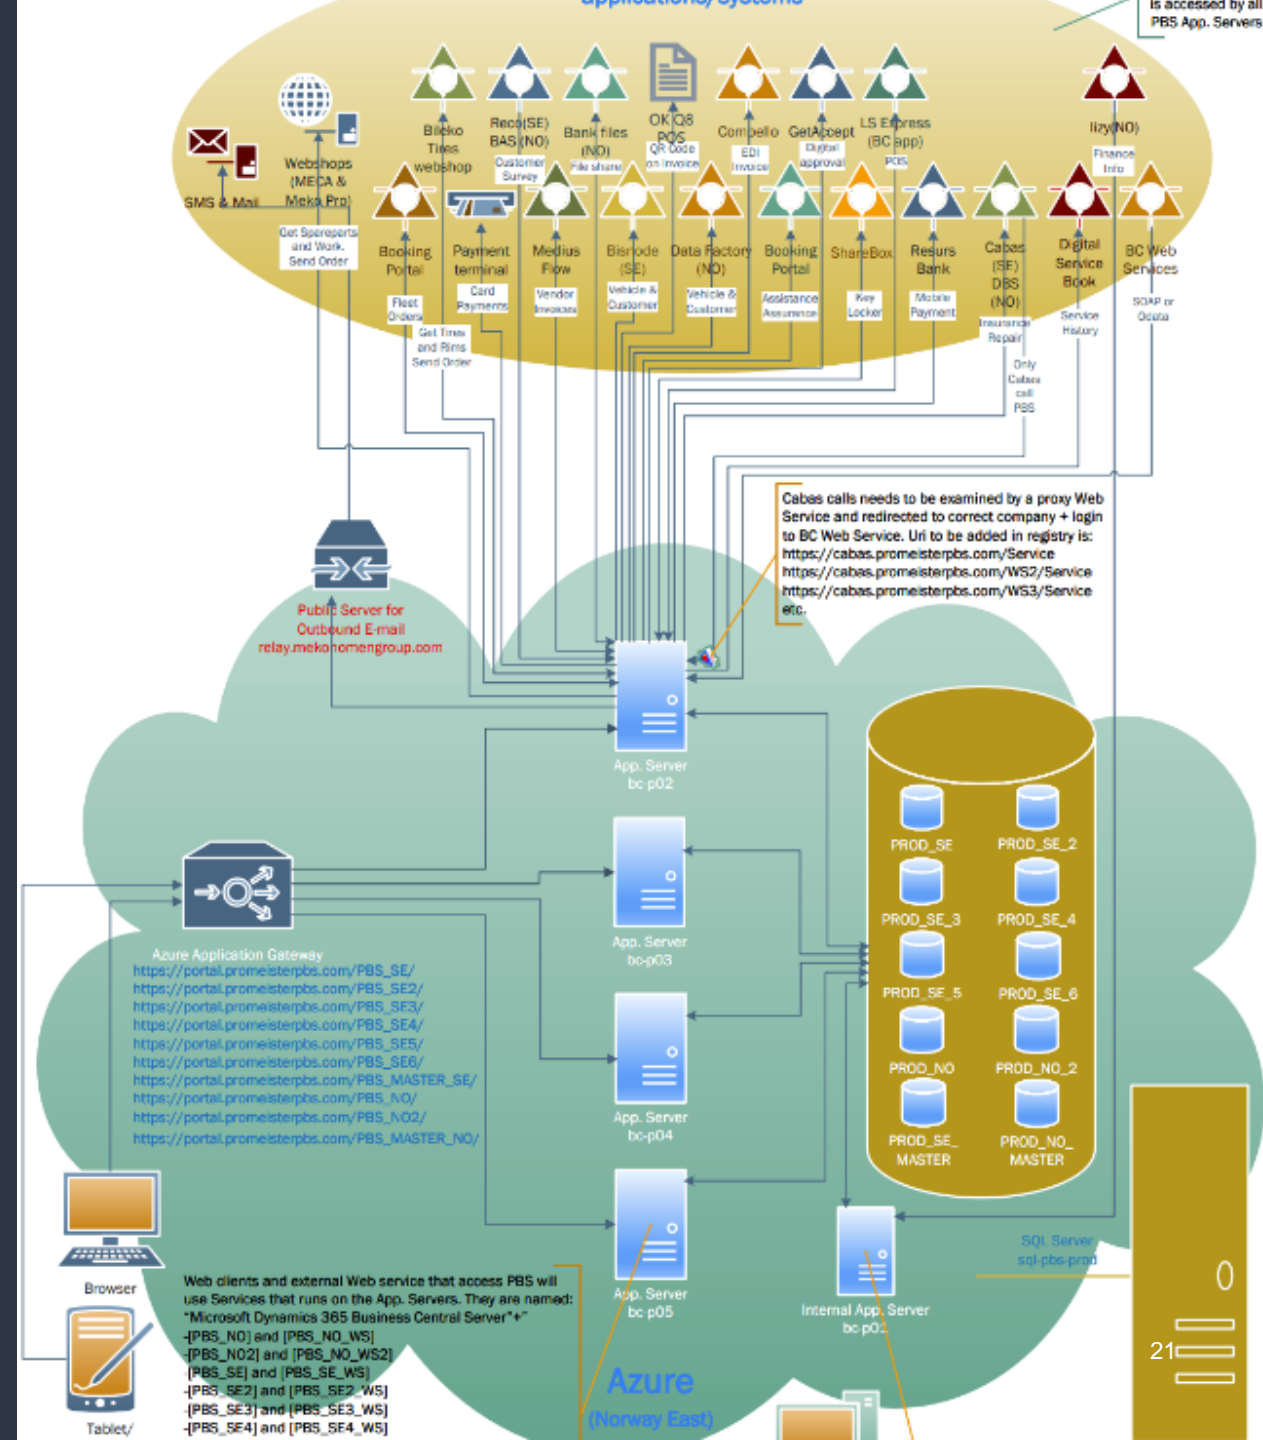

The Challenge

- **Performance**
- **Scalability**
- **Reliability**
- **Failover capabilities**
- **Automated Release Management**
- **Continuous Integration (CI)**
- **Continuous Delivery (CD)**
- **Automated Testing**
- **Monitoring and Rollback**

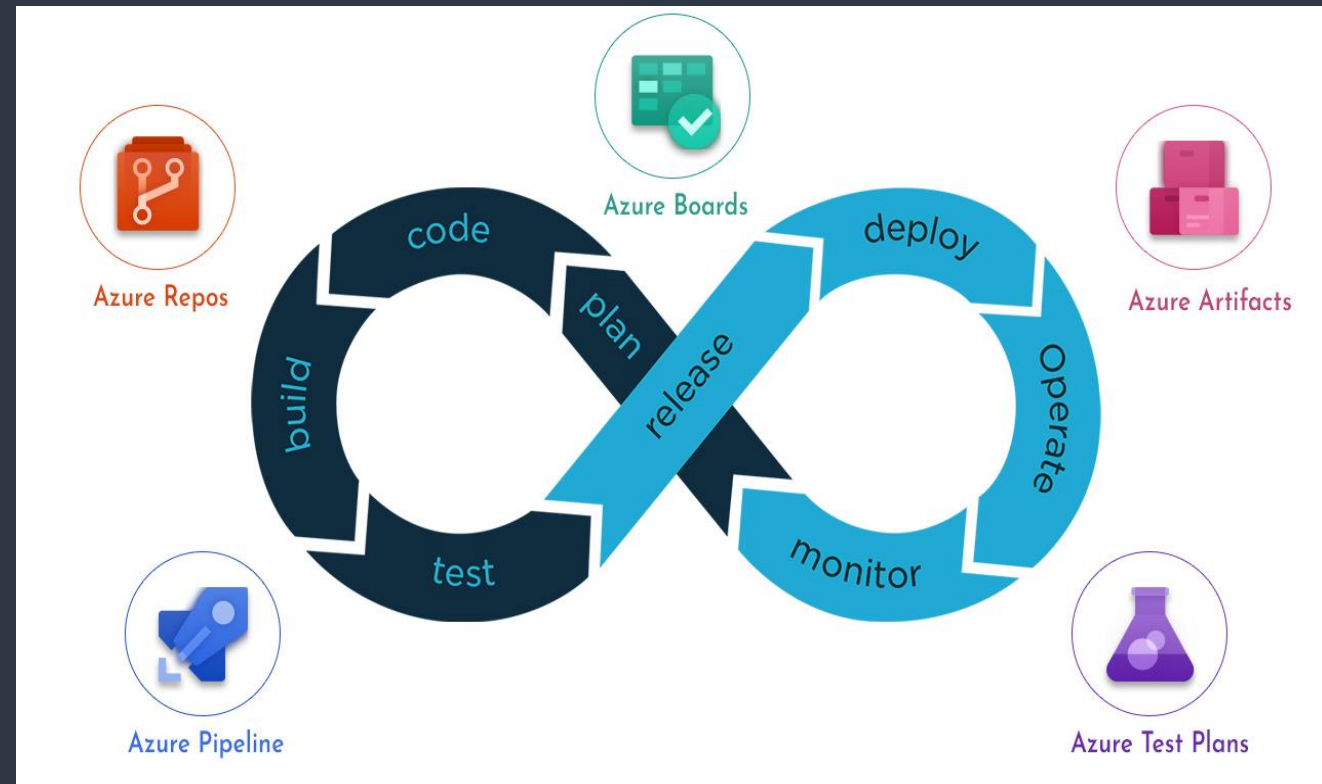

Our approach to performance scaling focused on infrastructure optimization

- Multi-Database Setup
- Azure Gateway for Traffic Management
- Infrastructure Scaling
- Database Optimization
- Load Balancing and Failover Readiness
- Scalability Testing for Future Growth

DevOps Pipeline Management

- Automated Releases
- Version Control
- Agile Project Management
- Environment Consistency
- Automated Testing (Early Stage)
- Easy Integration with Microsoft Tools

cepheo

Preparing for Future Growth and Failover

Key Takeaways "To summarize, the success of this large-scale Business Central implementation is built on a foundation of scalability, automation, and resilience"
